I hereby depose and state that all information provided for this appeal on this and the following pages, and including all maps, drawings, and other documents submitted with and as part of this appeal, are accurate and factual to the best of my knowledge.

See DIRECTIONS AND INFORMATION on Pages 4 and 5 for Filing Requirements

This appeal for variance is:

(Explain type of variance, amount of variance, what the Ordinance requires, and reason/purpose for variance)

(Example: "Setback variance of 1.25 feet from the 10-foot minimum side yard setback required in the "R-11" District, to construct a two-story house addition that is 10 feet wide and 24 feet deep.")

My appeal for a variance is based upon the following conditions with respect to unnecessary hardship created by the Ordinances, uniqueness of the property, meeting the spirit and intent of the Ordinances, and that there are no reasonable alternatives that would not require a variance or would require a variance of less magnitude:

- 1. The restrictions of the Ordinance create an unnecessary hardship or difficulty that prevents use of the property in a manner that is reasonably similar to other properties that are similarly zoned, and the hardship is not self-created, because:**

- 2. The property is unique and different from other properties that are similarly zoned, and the hardship created by the Ordinance is exceptional to this one property and not common or general to the neighborhood because:**

- 3. The spirit and intent of the Ordinance will be preserved; public health, safety and welfare will be secured; and the essential character of the neighborhood will not be altered if the variance is granted, and substantial justice will result, because:**

- 4. The following alternatives to the appeal have been considered and are not practical, there is no reasonable way to use the property in compliance with the Ordinance or by granting a lesser variance, because:**

Attach a site plan, elevations, floor plan, perspective, photographs, or other documents that are legible and neatly drawn to clearly illustrate the nature of the appeal and variance. Show the size and all dimensions of the property, proposed and required setbacks, height, etc. of all existing and proposed structures, and all other information relevant to the appeal.

The Board must find all of the above four conditions to exist (Ordinance creates a hardship, property is unique, etc.) to grant a variance.

DIRECTIONS AND INFORMATION

You or a representative MUST personally appear before the Board of Adjustment to present the appeal. The Board of Adjustment usually meets at 6:00 p.m. on the first Wednesday of each month in the City Council Chambers in City Hall, 3600 86th Street. A schedule of the Board's meeting dates and submittal deadlines is available from the Department of Community Development, 3600 86th Street, and is also available on the City's web site (www.urbandale.org)

Appellants are NOT allowed to contact or discuss appeals with Board of Adjustment members outside of the scheduled meeting, since the Board is a quasi-judicial body. The Board's decision is final once the Board's minutes have been received by the City Council, the Board has issued a written finding, and the statutory time for appeal has passed. The Board's decision can be appealed to District Court by the appellant or anyone aggrieved by the Board's decision.

The Board has five appointed members who are citizens of Urbandale. The Code of Iowa requires 3 affirmative votes to approve an appeal, regardless of how many Board members are in attendance.

Appellants may be represented by their legal counsel if the appellant desires, but legal representation is NOT required.
